Additional information

An analysis of direct material variance shows that both the material price and material usage have an adverse variance. The directors of T Limited are considering changing the existing supplier. They have two potential suppliers to consider.

	Local supplier A	Overseas supplier B
Usage per unit after wastage	2.8 kilos	2.5 kilos
Purchase price per kilo quoted by supplier	$13.75	$15.40

(d) Advise the directors which supplier they should choose. Justify your answer and support it with relevant calculations.
