(ii) purchases budget (in kilos and dollars)

	April	May	June
.....			
.....			
.....			
.....			
.....			
.....			
.....			
.....			
.....			
.....			
.....			
.....			

[6]

Additional information

All goods are sold on a credit basis for $200 each. The credit period is 2 months. However, if the customers settle their accounts in the following month after sale, they will be allowed a discount of 3%. It is expected that 40% of the customers will take the discount.

(c) Prepare a trade receivables budget for the month of **June**, showing the opening and closing balances.

Additional information

The sales for December 2025 are expected to be high. The directors have been informed that the maximum supply of direct materials for the months of November and December will be reduced. The directors have two options.

Option 1 Reduce the production.

Option 2 Buy the shortage from a new supplier at the cost of $15 per kilo.

(d) Advise the directors which option they should choose. Justify your answer.

Additional information

H Limited can buy a similar machine (Machine B) from an overseas company at a cost of $160 000. Everything remains unchanged except that there will be an increase in direct materials cost and direct labour cost. The result of the investment appraisal of Machine B is:

NPV	$23 392
IRR	17.30%
ARR	20.94%

(c) Advise the directors which machine they should buy. Justify your answer.
