ACCOUNTING **0452/23**

Paper 2 **October/November 2019**

MARK SCHEME

Maximum Mark: 120

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level components and some Cambridge O Level components.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

© UCLES 2019

GENERIC MARKING PRINCIPLE 5: Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).
GENERIC MARKING PRINCIPLE 6: Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

Question	Answer	Marks
2(b)	Non-current liabilities 5% Debentures (repayable 1 October 2030) 25 000 **(1)** Current Liabilities Trade payables 14 866 Other payables 198 **(1)** Bank overdraft 10 822 **(1)** Bank loan (repayable 1 April 2020) 10 000 **(1)** 35 886 **(1)** Total equity and liabilities 242 886	
2(c)	The difference between the two percentages represents the percentage of expenses to revenue **(1)** The lower the percentage the more efficiently the expenses are being controlled **(1)** **Or other suitable comments** **Any 2 comments (1) each**	**2**
2(d)	The profit earned for every $100 used in the business	**1**
2(e)	The return on capital employed will decrease **(1)** because the capital employed will increase **(1)**	**2**

Question	Answer	Marks
3(a)	Yabani Income Statement for the year ended 30 September 2019	**12**

	$	$	$
Revenue			205 000 **(1)**
Cost of sales			
Opening inventory of finished goods			
Cost of production		21 340 **(1)***	
Purchases of finished goods		141 220 **(1)**	
Carriage on finished goods	22 000 **(1)OF**		
	2 000 **(1)**	24 000	
Closing inventory of finished goods		186 560 **(1)OF**	
Gross profit		22 560* **both**	164 000 **(1)**
Administration and selling expenses			41 000 **(1)**
Depreciation – delivery vehicle (20% × (19 500 – 3900))		22 120 **(1)**	
office fixtures and fittings (10% × 14 100)		3 120 **(1)**	
Profit for the year		1 410 **(1)**	26 650
			14 350 **(1)OF**

3(b)(i)	Gross profit increases **(1)** the cost of production reduces **(1)** **OR** Gross profit may decrease **(1)** if the raw materials are lower quality there may be more wastage and cost of production may increase **(1)** so **OR** Gross profit may decrease **(1)** If the finished goods are of a lower quality the customers may seek other suppliers so the revenue may decrease **(1)** **Max 2**	**2**
3(b)(ii)	Gross profit would increase **(1)** cost of goods sold would decrease **(1)** **OR** Gross profit may decrease **(1)** the total sales may reduce as customers go elsewhere if Yabani cannot supply these goods **(1)** **Max 2**	**2**

Question	Answer	Marks
3(b)(iii)	No effect on gross profit **(1)** the wages of the sales staff are a selling expense not a manufacturing expense/are not included in the calculation of the gross profit **(1)** **OR** Gross profit would reduce **(1)** reducing the number of sales staff may result in a reduction in sales **(1)** **Max 2**	**2**
3(b)(iv)	Gross profit would increase **(1)** the cost of production would decrease **(1)** **OR** gross profit may decrease **(1)** machine operators may take industrial action resulting in reduction of production/reduction in revenue **(1)** **Max 2**	**2**
